FAQ'S

What Size Goggles?

Swim goggles for kids are specially fitted for smaller heads and eye sockets.

They are adjustable, so often it just takes some tweaking of the straps to get the right fit.

The right fit means the goggles don't leak but they aren't so tight that they are uncomfortable.

Have your child try on different pairs of goggles to find the perfect ones for your price point and their activity level.

Swimmer-of-the-Month

At the end of every month, the coaches will vote to determine a SWIMMER-OF-THE-MONTH.

There will be separate award given for each different practice level every month.

Recipients will have their biography and displayed at the pool and website.

The coaches will take into consideration the following factors:

- attendance
- attitude
- work ethic
- following directions
- listening
- team work
- improvement
